

Report of placement cell session 2022-23

GVM College of Education for girls, Sonipat

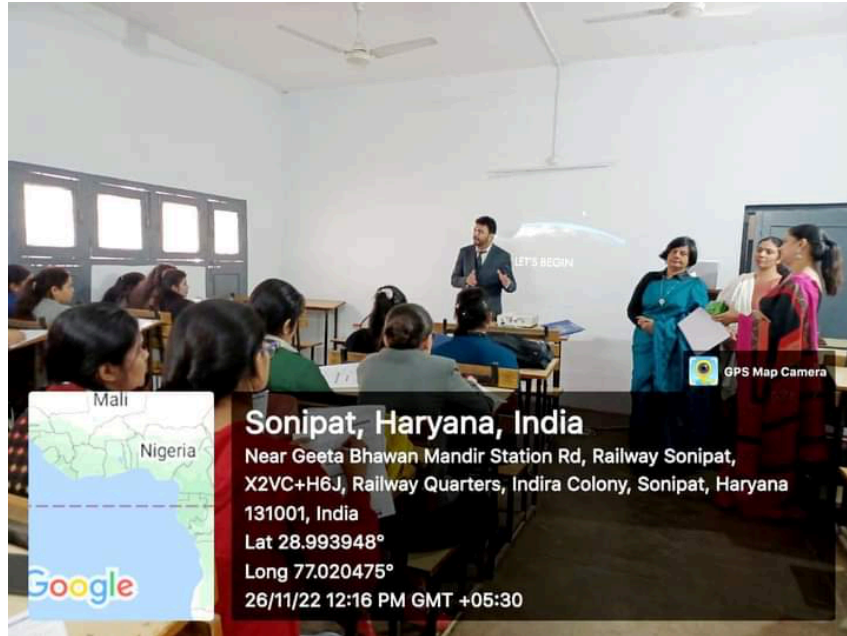

The training and placement cell at GVM College of education plays a crucial role in providing student with ample opportunity and guidance to gain relevant work experience and brush up on their skills to ensure the best placement for the student. The training and placement cell operates year round by keeping in touch with reputed school.

Every year, the training and placement cell at the college, arrange special training, skills and other training programs for the student to hone their teaching skill and co-curriculum knowledge and hence their level of confidence to make the interview ready.

An extension lecture was held in our college by Jitender Mehta who is an experienced Foreign Language teacher and consistently working on Project Experience Japan.

GVM College of Education Sonipat has always been working hard on the development of their B.Ed students and for that the college has organised an extension lecture on "Career conversation" by Mr.Sahil Gandhi. He is a motivational speaker and also a transformation coach. His main focus is the professional development through personal development. The students were benefited by the program and actively participated in the conversation.
